

## FCTL0002 Octablox Bio Supplementary Base Plates

**AGE:** 3 years +

**CONTENTS:** 2 Base Plates

### PRODUCT DESCRIPTION:

This Octablox Bio set contains two base plates and is a great supplement to any Octablox collection.

The building plates provide a firm base for three dimensional structures and in combination with the Octablox building blocks allow children to build in numerous ways.

Octablox Bio is designed to encourage play and creativity whilst taking good care of the planet. The building plates are made from a new Bio Plastic with a high content of organic material (bamboo powder). The packaging is recyclable and does not include any plastic wrapping.

### LEARNING VALUES:

Great for the development of hand-eye co-ordination, communication, interaction and problem-solving skills.

An introduction to early STEAM activities.

Ideal for early maths activities like colour and shape recognition.
