

FCTL0044 Octablox Bio Advanced Set

AGE: 3 years +

CONTENTS: 44 pieces.

PRODUCT DESCRIPTION:

This Octablox Bio Advanced set is the ideal set for larger constructions and classroom activities and includes a wide selection of building blocks and colours. The design of the building blocks allows children to build in numerous ways. The easy-to-handle blocks allow children to stack, nest and build three-dimensional structures or colour-match the building blocks. The enclosed building plate provides a firm base for all types of structures.

Octablox Bio is designed to encourage play and creativity whilst taking good care of the planet. The building blocks and the base plate are made from a new Bio Plastic with a high content of organic material (bamboo powder). The packaging is recyclable and does not include any plastic wrapping.

The enclosed booklet can be used to inspire further creativity or as an aid to solve specific tasks. Octablox Bio provides a rewarding learning experience for individual and group activities.

LEARNING VALUES:

Great for the development of hand-eye co-ordination, communication, interaction and problem-solving skills.

An introduction to early STEAM activities.

Ideal for early maths activities like colour and shape recognition.
